Design programme **Viano/ Vito W639/2**

based on Mercedes-Benz Viano/ Vito W639/2

Vantura RS-Programm Viano/ Vito W639/2

Aerodynamics

1 Piecha Vantura RS front spoiler lip

Front spoiler with distinctive air intakes and lateral double gills approaches. Aluminum mesh for air intakes and lateral double gills included. Easy installation on original bumper.

Front spoiler lip for VIANO 639/2 up 10/2010

639-1-100

Front spoiler lip for VITO 639/2 up 10/2010

639-1-101

2 Piecha Vantura RS side skirts

The form following design emphasizes the wedge-shaped line and forms a dynamic transition between the striking front spoiler in the rear bumper.

VIANO / VITO 639 in compact and long versions (wheelbase 3200 mm)

Side skirt for the right side; 3-pieces

639-1-201

Side skirt for the left side; 2-pieces; only for version without sliding left

639-1-202

VIANO / VITO 639 with extra-long wheelbase (wheelbase 3430 mm)

Side skirt for the right side; 3-pieces

639-1-211

Side skirt for the left side; 2-pieces; only for version without sliding left

639-1-212

Option: LED skirt lightning (Fig. cover, rear & side 8)

639-5-200

4 LED lights on each side for the side skirts including a special mounting channel and pre-assembled set of cables for wiring. The LEDs light up when the car is opened with the ignition key from the outside.

When the doors open, the LED's light out the entry-level. With ignition on and while driving the LED's are off.

Fitting to all VIANO/VITO models.

3 Piecha Vantura RS roof spoiler fits to all VIANO/VITO 639 with tailgate.

639-1-400

* Assembly instructions, Technical Control Board certificates respectively EC approval and installation material are included.

1

LED daytime running light skirts

1 PIECHA LED daytime running light inserts

639-5-100

Fits only VIANO 639/2 up 10/2010 without bi-xenon headlights and integrated LED daytime running lights. Very bright LED daytime running lights with a special built in housing. Installation is performed in the original lateral screen application. A ready to install cable set with control module included. The LED daytime running lights dim down automatically to 20% light output while the parking or low beam is on.

* Assembly instructions, Technical Control Board certificates respectively EC approval and installation material are included.

Vantura RS-Programm Viano/ Vito W639/2

PIECHA QUADRO 4-pipe exhaust system

1 PIECHA QUADRO 4-pipe stainless steel muffler

Cross lying polished stainless steel muffler with 4 oval tailpipes each 115 x 85 mm, chrome polished tailpipes with inserts and embossed PIECHA logo. Assembling on original points – also possible with tow bar; (spare tire omitted)

With EC approval - fits all VIANO/VITO 639 CDI 2.2 liter, 3.0 liter CDI, 3.2 liter CDI

PIECHA QUADRO for compact and long wheelbase of 3200 mm and short tail

639-2-300

PIECHA QUADRO for extra-long wheelbase 3430 mm and a long tail

639-2-301

* Assembly instructions, Technical Control Board certificates respectively EC approval and installation material are included.

Vantura RS-Programm Viano/ Vito W639/2

Aluminium rim program

1 PIECHA MP2 wheels

8.5 x 19 ET 45 for front and rear axle with 255/40 R19

5 double spokes in three prime-concave design with surrounding decorative screws

PIECHA MP2 in high gloss silver

MP2-851945-1

PIECHA MP2 in satin black

MP2-851945-2

PIECHA MP2 in graphite matt - front polished

MP2-851945-3

* Assembly instructions, Technical Control Board certificates respectively EC approval and installation material are included.

Power-Converter

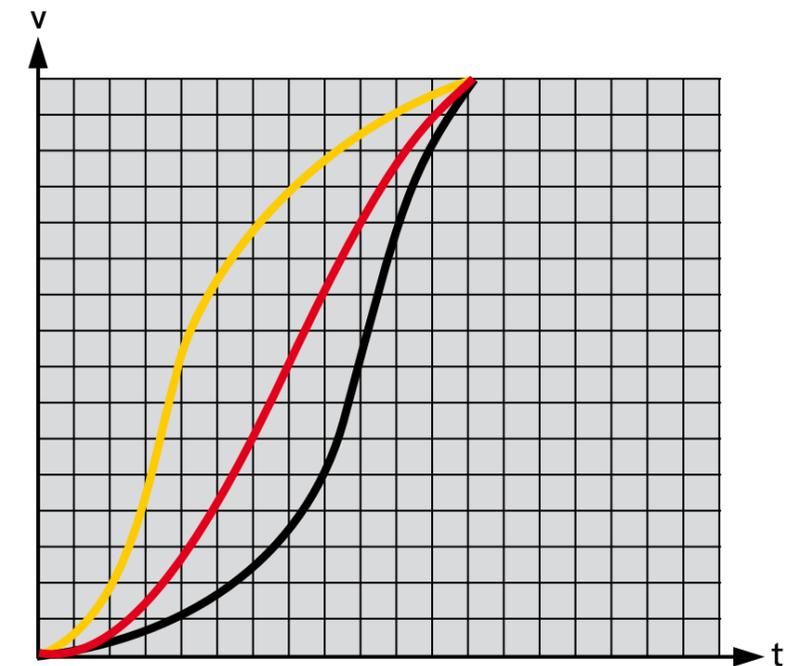

1 PIECHA Power-Converter CS-RC *

000-7-700

The module is inserted into the electronic control of the gas pedal. The slow reaction time and the moment of inertia are completely suspended. The acceleration is significantly improved. The response behavior can be adjusted individually by an integrated potentiometer. Moreover a separate switch enables "off" respectively city and sport modes.

- Significant improvement of the performance potential
- Powerful draft from low revolutions within the whole speed range and very fast response behavior
- Significantly better acceleration and more agile driving behavior
- Simple installation through plug and play connection
- Individual adjustment of the response behavior and additionally switchable from the serial- into the city- or sport-mode by a separate switch.
- Via a built-in potentiometer the response behavior will be individually fine tuned.

— Acceleration without Power-Converter

— Acceleration with Power-Converter in city-mode

— Acceleration with Power-Converter in sport-mode

* Assembly instructions, Technical Control Board certificates respectively EC approval and installation material are included.
